

Compliance Declaration

This statement is provided as a courtesy in response to a customer request. This document is based on statements made by our suppliers. The company Elettronica GF s.r.l. declares that the design and production process are aimed at complying with the regulations below and we are asking our suppliers to respect them.

Declaration scope: Company-wide

ROHS

Elettronica GF's products don't exceed the maximum concentration values established by EU Directive 2011/65/EU (RoHS / RoHS 2), amended by EU 2015/863, as indicated in Annex II of this directive. This means that each of the homogeneous materials within Elettronica GF's products don't exceed the following concentrations by weight ⁽¹⁾:

Cadmium (0.01 %)

Lead (0.1 %)

Mercury (0.1 %)

Hexavalent chromium (0.1 %)

Polybrominated biphenyls (PBB) (0.1 %)

Polybrominated diphenyl ethers (PBDE) (0.1 %)

Bis(2-ethylhexyl) phthalate (DEHP) (0.1 %)

Butyl benzyl phthalate (BBP) (0.1 %)

Dibutyl phthalate (DBP) (0.1 %)

Diisobutyl phthalate (DIBP) (0.1 %)

⁽¹⁾ A concentration of less than 0.1% was evaluated for most of the electronic components included in Elettronica GF's products; even though the suppliers' declarations are not available for a certain number of components, the expected impact on the article is a concentration below 0.1% w/w.

REACH

Elettronica GF's products are articles without intentional release of a chemical substance, according to REACH regulation n. 1907/2006 of the European Parliament (article 3). They aren't chemical preparations, therefore they are not subject to pre-registration or registration process. They don't require a safety data sheet.

Elettronica GF's products, including any article of which they are composed, do not contain more than 0.1% by weight of a substance of very high concern (SVHC) identified according to Article 59 of REACH. This declaration reflects the substances on the candidate list of SVHCs, effective December 2019. ⁽¹⁾

The substances listed in Annex XIV of the REACH regulation are not intentionally added to Eletttronica GF's products.

The substances listed in Annex XVII of the REACH regulation are not intentionally added to Eletttronica GF's products.

- ⁽¹⁾ A concentration of less than 0.1% was evaluated for most of the electronic components included in Eletttronica GF's products; even though the suppliers' declarations are not available for a certain number of components, the expected impact on the article is a concentration below 0.1% w/w.
